

WE ARE EXPANDING

FIND Food Bank provides equitable access to nutritious and culturally relevant food in the Riverside, Imperial, and San Bernardino Counties. We are dedicated to addressing the root causes of hunger to break the food insecurity cycle, so no one skips a meal to afford their housing payments, medicine, or gas.

FIND Food Bank is building a **40,000 sq. ft Food Security Campus** to equitably serve Southern California communities across 10,000 sq. miles.

The expansion will also provide services – such as workforce development, financial literacy courses, healthcare program outreach, and continuing education scholarships – to end food insecurity for a lifetime.

We're meeting the community's **growing need for nutritious food** access today, but we've outgrown our current 35,000 sq. ft facility, exceeding our storage capacity by 80%.

We are only \$2 million short of the \$10 million initial investment. The building expansion is projected to be completed in December 2024.
